- 06.11.2020: Start of the lecture
- 19.02.2021: End of lecture period

Exam

- Written examination, 1 hour
- Date: tbd, probably mid of march 2021

Contact

- Johannes Schubert, M.Sc.
E-Mail: johannes.schubert@kit.edu
Tel.: +49 1523 950 2658

Notes on Corona Regulations

Winter Semester 2020/2021

Mode of lecture

- The lecture is designed to be a hybrid event
→ you can participate either in-person or online via zoom.
- Thus, all lectures will be given in a synchronous mode only, which you will have to follow at the same time. We will NOT upload recorded lecture videos but only provide the presentation slides as a pdf file.

In-person participation in lecture hall

- On-Campus, lectures are suspended until further notice. Most probably, this will last at least until December. We hope to be able to welcome you to personal lectures later in the semester.
- For in-person participation, you will need to check-in in advance. Details will be given, as soon as on-campus activities are permitted again.

Notes on Corona Regulations

Winter Semester 2020/2021

Regulations for future on-campus activities

- In the KIT buildings and in the lecture hall, wearing a mouth/nose protection (non-medical community mask, scarf, etc.) is mandatory at all times.
- Students must keep the minimum distance of 1.5 m before, during and after the lecture. Please regard to this measure of safety when entering and leaving the room as well as when waiting or using the bathrooms.
- Do not pass other students within a row. Every seat can be reached from the main walkways directly.
- Students are not permitted to assemble in front of the lecture hall or in front of the building before or after the lecture. After the lecture, they must leave the building separately and to go away quickly.
- Instructions given by the lecturers must be obeyed.
