Medical mask

- The use of medical mask is mandatory for all students; also during the examination.
- If you wish to claim exemption from the obligation to wear a medical mask, a medical certificate from the treating doctor is required. This certificate must clearly show which restrictions and consequences the wearing of a mask would have for the person concerned. The illness itself does not have to be mentioned. This certificate must be submitted to Johannes Schubert (johannes.schubert@kit.edu) up to 7 working days before the examination, i.e. by 10.08.2021.

Special regulations for students with disabilities and chronic illnesses

- If persons affected by chronic disease or allergy leading to corona-specific symptoms can prove their illness by a medical certificate, they may take part in the examination. Therefore, this certificate must be submitted to Johannes Schubert (johannes.schubert@kit.edu) up to 7 working days before the examination, i.e. by 10.08.2021.

- The task sheets will be provided in envelopes in advance and distributed on the tables. Do not take out the exam before being told to do so!
- Upon arrival at the building and before entering the lecture hall, examinees are requested to wash their hands thoroughly. Please keep your distance to other people while doing so.
- Do not pass other students within a row. Every seat can be reached from the main walkways directly. Please refer to the allocation of seats and chart of the room provided in Ilias.
- Please place your jackets and bags far away from you within your row. Handling of personal belongings other than the auxiliaries allowed raises reasonable suspicions of an attempt to cheat.

- A special “Declaration on the Absence of a Suspected Corona Virus Infection” as it was necessary in SS 2020 is NOT required anymore. Entering the examination room is equivalent to a declaration of not being excluded from the examination due to corona regulations (see slide 3).
